Ma vision du banc de test

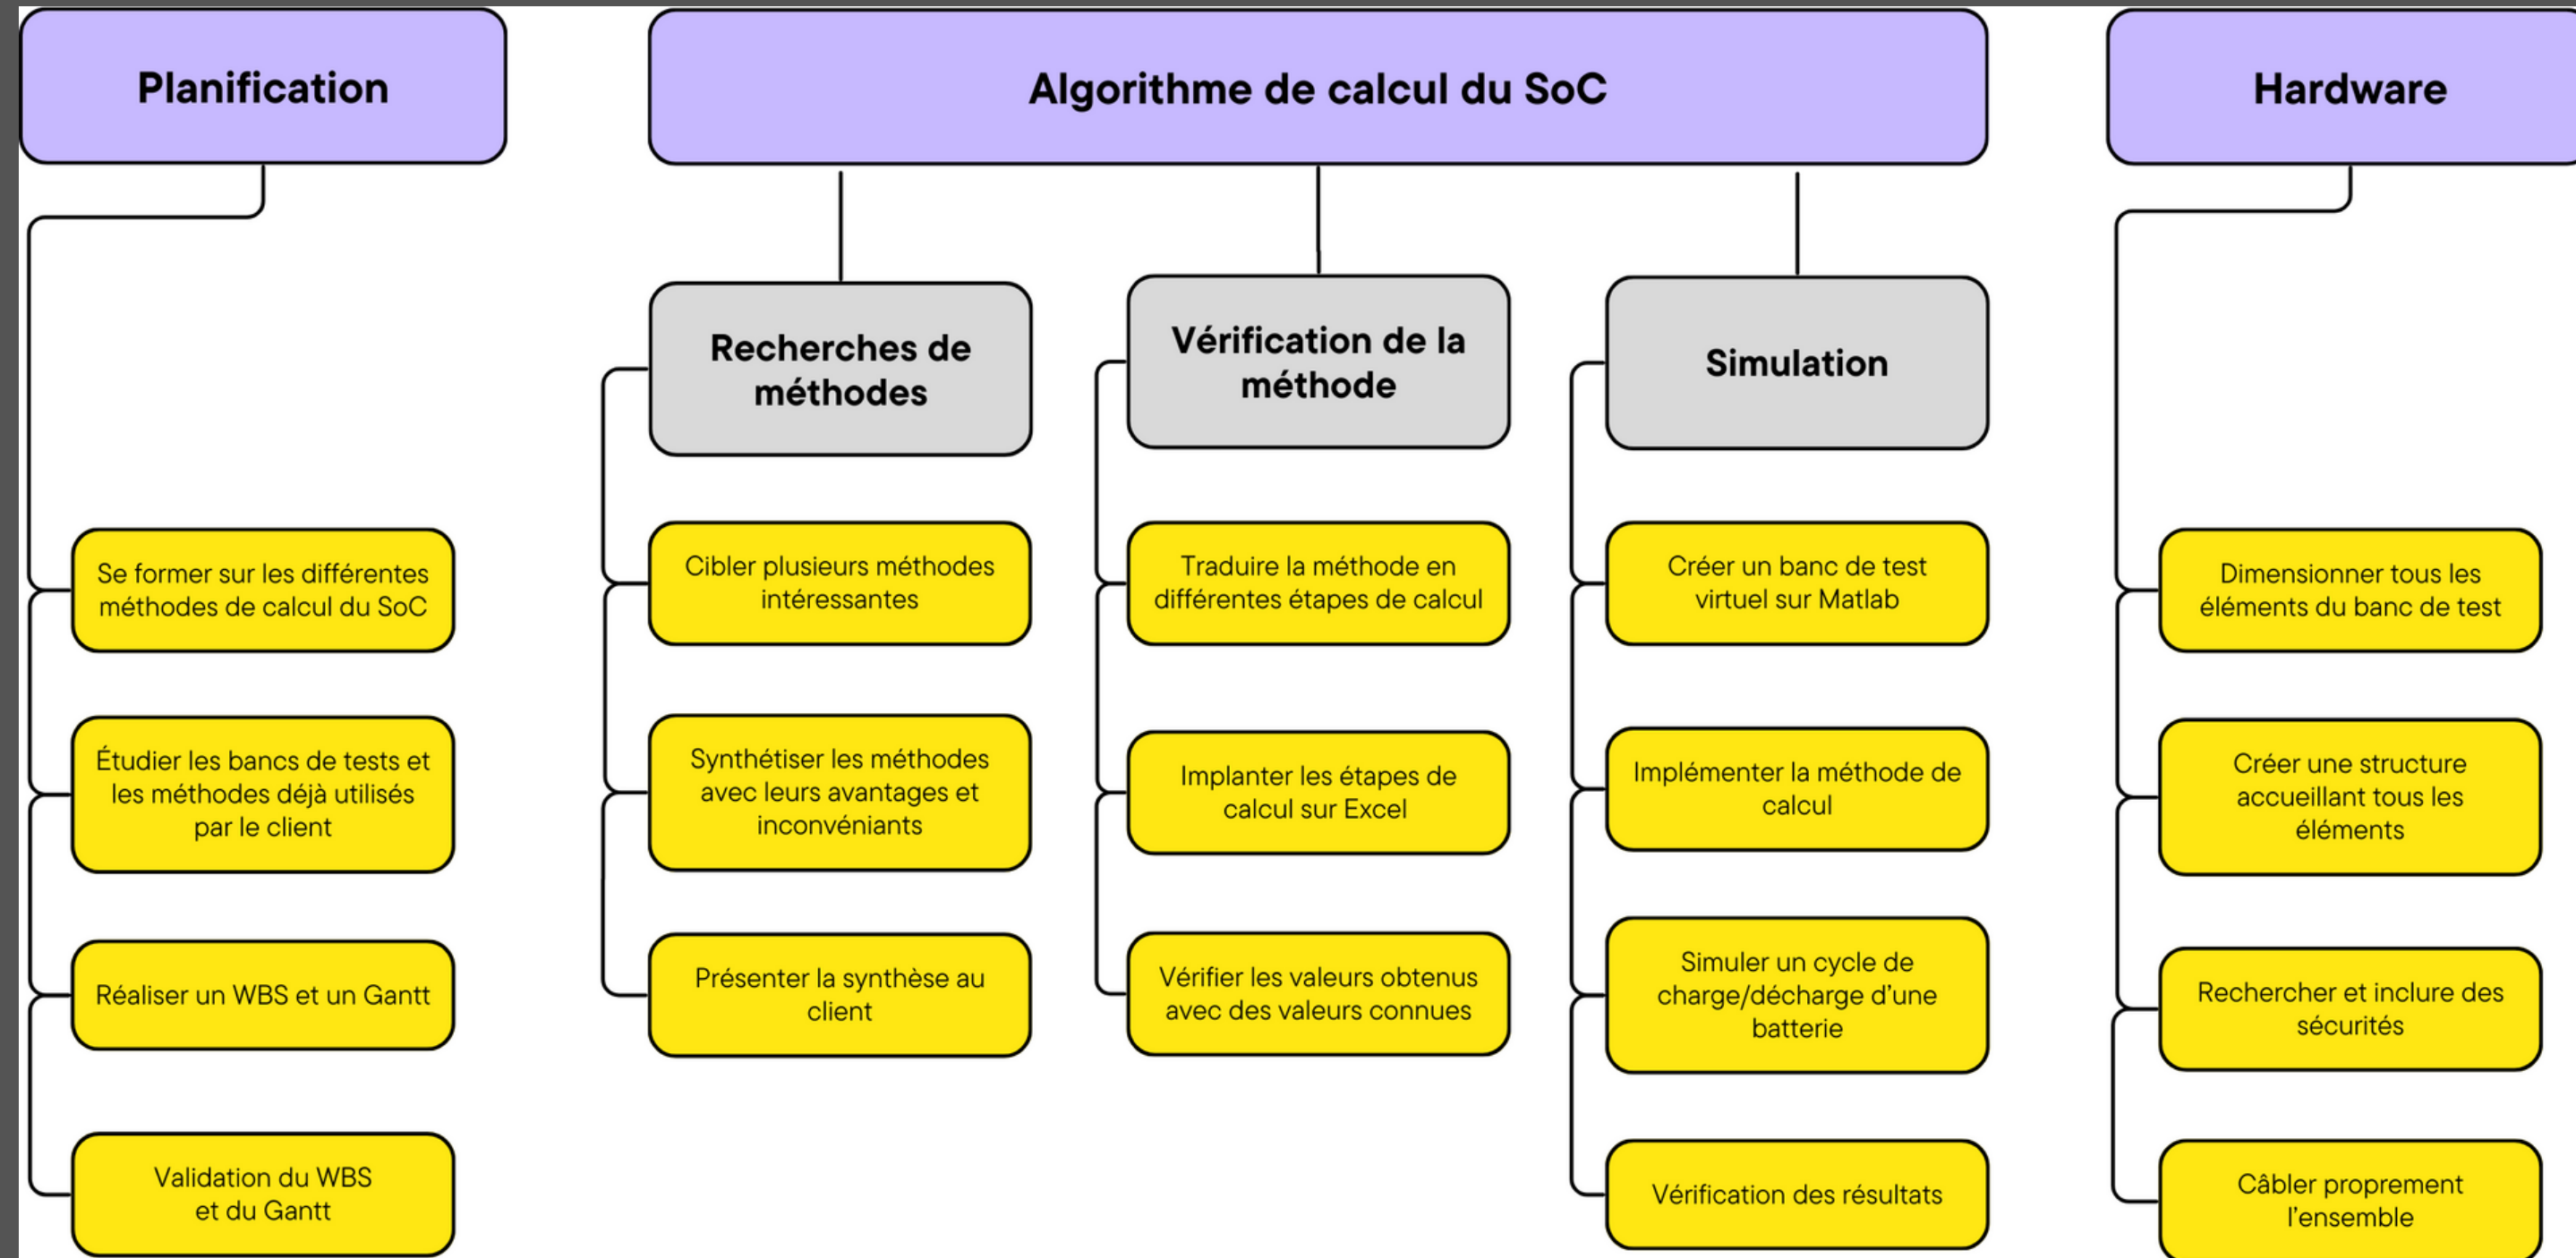

Ma vision du fonctionnement software

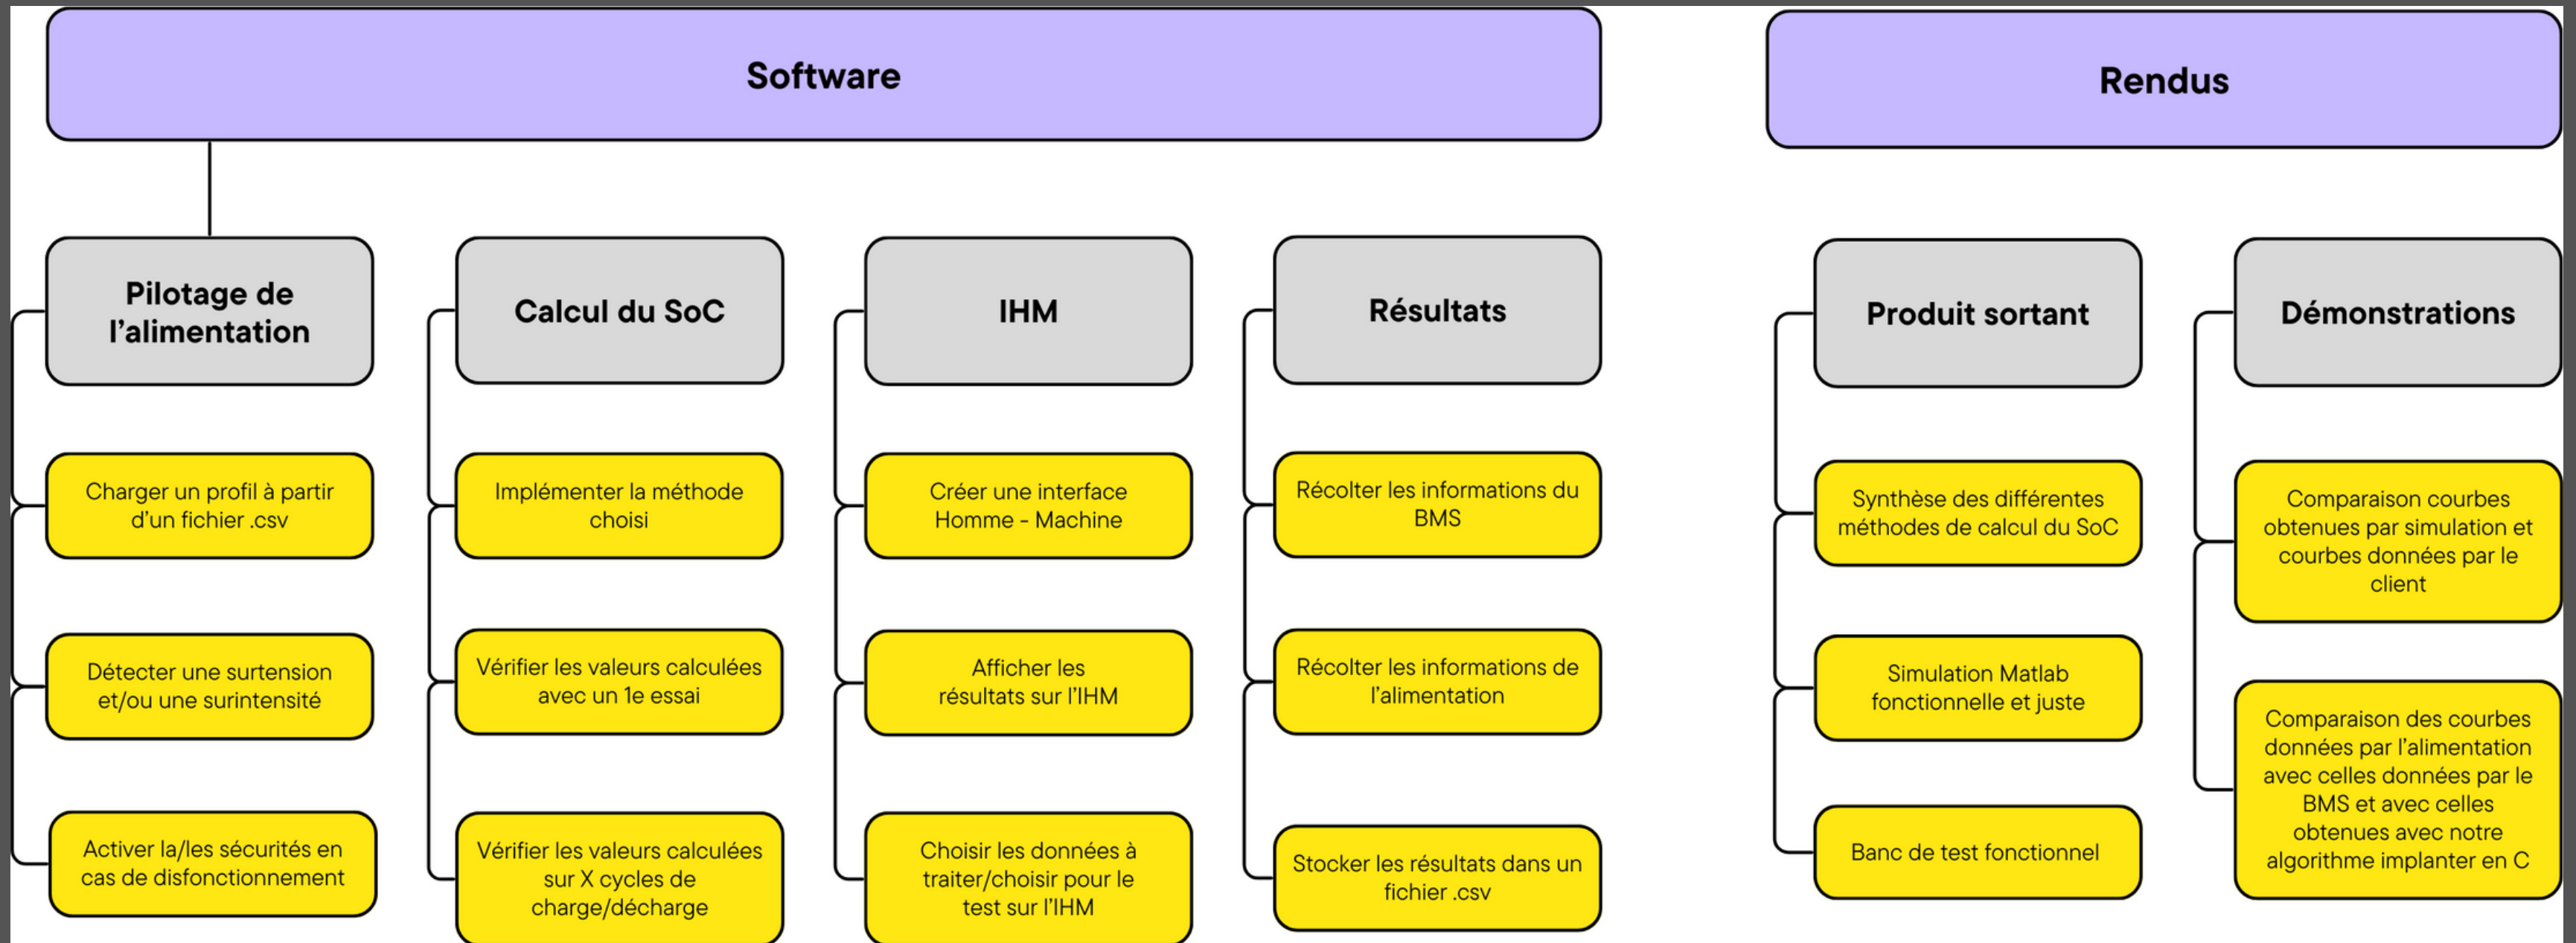

Proposition WBS

Proposition WBS

Proposition WBS

Proposition Gantt

The Gantt chart displays a project schedule from January to January. The timeline at the top lists the months: janvier, février, mars, avril, mai, juin, juillet, août, septembre, octobre, novembre, décembre, janvier. A date marker '25/03/2024' is positioned on the timeline.

The tasks are organized into five main color-coded groups:

- Blue Group:** Includes a long task from January to March, a task from March to April, and a small task in April.
- Green Group:** Includes a task from January to February, a task from February to March, and a small task in March.
- Yellow Group:** Includes a long task from April to July, a task from April to May, a task from May to June, and a task from June to July.
- Orange Group:** Includes a long task from May to September, a task from May to June, a task from June to July, a task from July to August, and a task from August to September.
- Cyan Group:** Includes a long task from March to October, a task from March to April, a task from April to May, a task from April to September, a task from September to October, and a task from October to November.

Arrows indicate dependencies between tasks, showing the flow of the project schedule.

Perspective

- Continuer les recherches sur les méthodes existantes
- Faire la synthèse de ces méthodes
- Reprendre le WBS et finir le Gantt
- Réaliser un document sur ma version du banc de test
